

YOUR COLLABORATION IS VITAL

IF YOU SEE A BABY SEA TURTLE:

CALL 112

PLACE IT IN THE SHADE, IN A CONTAINER WITHOUT WATER OR IN A HOLE IN THE SAND, ENSURING THE SAND IS ALWAYS WET.

LOOK AROUND YOU.
THERE MAY BE MORE
BABIES EMERGING FROM
THE NEST OR LOST

DO NOT STEP ON THE TRACK AND PREVENT OTHERS FROM DOING SO. IF POSSIBLE, MARK OUT THE AREA.

THEY GET STRESSED EASILY:

AVOID TOUCHING OR HANDLING IT MORE THAN NECESSARY

DONT MAKE ANY NOISE OR EXPOSE IT TO WHITE LIGHT, TORCHES OR FLASH. USE ONLY RED LIGHT.
